Vainly we deem the Past is gone
In all we feek.
In all we wish, or are, or can,
That which hath been decides the man.
The Past is very real,
And casts its light or shadow o'er
The years that shall be evermore.

To man immortal what are years?
In pilgrimage
So many miles, as still he nears,
Through love and joy, and toil, and tears,
His heavenly heritage.
Another milestone standeth here!
Pilgrim! be glad—the last is near!

Dy to Thursday there was a busy and advancing market for both yarn and cloth, in consequence of the speculative movement of cotton, which ended in transactions for the week to the amount of 127,000 bales. It is somewhat remarkable that spinners should have pressed on the cotton market for some weeks past to cover their engagements, seeing that the American crop was coming forward so freely as to point almost with certainty to easier prices. Such, however, appears to have been their general policy, and hence they have forced up prices fully ½d to ½d % lb. In shipping yarns this week an exceedingly large business has been done, buyers protesting against the advance of prices, but still yielding it, so that these spinnings are fully ½d % lb above the rates of Tuesday. The sales include fair quantities of 4's to 14's and 16's to 24's, and 28's to 32's, water twist, for the Contiment and for China. There have also been fair transactions in 40's mule and the finer counts for India and China—60's being ½d per lb dearer. A good many of the spinners of these are under contract till Christmas. A similar advance in prices has been obtained in home trade yarns, and a business has been done clearing off stocks and placing more spinners under contract. In cloths, 39 inch shirtings, prices are 1½d to 3d dearer than last week: and 45 inch to 34 inch are 3d to 4½d per piece dearer; and buyers, though unwillingly, have placed fair orders at the advance. Makers of jaconets and mulis have raised their quotations 1d to 1½d per piece. Printers are advanced to about the same extent as 39 inch shirtings, Mexican and other qualities of Teloths have soid rather more freely, and so have long-cloths, and are rather dearer. Such is the general course of the market up to Thursday, and in the aggregate a large business was effected. Yesterday the cotten market gave way, and business fell off here. Manufacturers and spinners holding contra

Havana; Market. HAVANA, December 19.—The following is the condition of the Havana and Matanzas markets at the close of business yesterday:
SUGAR.—There is an absence of business, occasioned by the want of stock and the difficulties between planters and merchants relative to the new arrangements regarding tares. Quotations are irregular. MONTGOMERY, December 18.—COTT-IN.—The sales of cotton during the week were considerable, mostly on orders from the Eastern manufacturers, some for covering short contracts about to expire, and some on speculation. The prices have not varied much from those of last week. Most were made on the basis of 223/4223/4c for low to strict middlings. All the rivers are up, and as large receipts are looked for planters need not count on much if any rise.

This Brace, in its peculiar construction, has all the advantages of ·
SUSPENDERS AND SHOULDER BRACES

First. It does not disarrange the Shirt Bosom. Second. It cannot slip off the shoulders. Third. There is less strain on the buttons of the pants than with commem Suspenders. Fourth. Each section of the pants can be adjusted independently. Fifth. By means of the Adjustible Back Strap a gentle or powerful brace can be obtained. Sixth. It attaches to the pants at the same points that the ordinary Suspender does.
